- 96.

Special Collections at the National Agricultural Library: Robert L. Hogue Papers:
American Poultry Historical Society Papers

- 97. Early brooder house.
- 98. Cross section of small laying house.
- 99.
- 100. Old type of chicken house on a farm.

Box 36 of 36

This box contains approximately 100 glass mounted, black and white, lantern slides, circa 1910 showing various views of early brooding and laying houses and the equipment used in them. A number of slides show various stages of embryo development in the egg. Other slides show the steps used in caponizing chickens, and different procedures used in processing New York dressed poultry. Slides of early boxes used to transport eggs and to display them in stores, as well as additional slides of various breed of fowl are included.

Slide Number	Content
101.	Mules moving small brooderhouse, in the South.
102.	A frame brooder house.
103.	Small brooderhouse under construction. (Note roll roofing).
104.	Small brooderhouse - completed.
105.	
106.	
107.	Several poultry houses on different ground levels - horse pulling feed.
108.	
109.	
110.	Drawing of nest with removable board for cleaning.
111.	
112.	Inside laying house - removable dropping board - note nests under roosts and brood coops
113.	
114.	
115.	Drawing of feedbin and self feeder for various bins
116.	Grit and oystershell feeders.
117.	Rack for sprouting seeds for green feed for birds.
118.	Cross section of hard cooked eggs - showing embryo development.
119.	In Laying house - self feeders - broody coops - roosting area.
120.	Flat feeders with hardware cloth to prevent feed loss.
121.	
122.	Egg with dark yolk.
123.	Egg with embryo development.
124.	Egg with later embryo development.
125.	Egg with near term embryo.
126.	Egg with no embryo development.
127.	Holding pen with various type birds.

Special Collections at the National Agricultural Library: Robert L. Hogue Papers:
American Poultry Historical Society Papers

128. New York dressed bird - showing good breast - for removal of tissue without cutting skin.
129. New York dressed bird - cutting neck.
130. New York dressed bird - head removed - cutting neck.
131. New York dressed bird - showing wishbone.
132. New York dressed bird - removing breast meat.
133. New York dressed bird - feet removed.
134. New York dressed bird - removing crop.
135. New York dressed bird - laying on breast.
136. New York dressed bird - completed removing entrails - legs tied.
137. New York dressed bird.
138. New York dressed bird - opening front of bird.
139. New York dressed bird - removing flesh. - note hanging on wire.
140. New York dressed bird - removing flesh.
141. New York dressed bird - removing flesh.
142. New York dressed bird - removing flesh.
143. New York dressed bird - cutting neck tissue.
144. New York dressed bird - cutting neck bone.
145. New York dressed bird - deboned with skin.
146. New York dressed bird - showing bones - finished product.
147. Table for caponizing with Br. Plymouth Rock cockerel.
148. Making opening for caponizing bird.
149. Showing opening.
150. Showing removal of testicle.
151. Showing removal of testicle. - note spreader.
152. Showing testicle.
153. ? Holding bird to kill?
154. Flock of birds on range - various breeds.
155. Growing range - small individual hencoops - with chicks and males.
156. New York dressed birds - note feathers on neck, wings and legs.
157. 12 hr. embryo.
158. 16 hr. embryo.
159. 32 hr. embryo.
- 159 1/2. 32 hr. embryo - 2 embryos.
160. 48 hr. embryo.
- 161.
162. 96 hr. embryo.
- 163.
164. House in the South - note cross air movement.
165. 2 individual hen brooders for the backyard - youth present.
166. Frame work for small range house.
167. Barred Plymouth Rock cock - fair type.
168. Night shelter house - in South.
169. SC White Leghorn birds - pullets and a cockerel - Indian River FL.
170. Wyandotte - Silver Penciled - cock.
171. Wyandotte - male drawing.

Special Collections at the National Agricultural Library: Robert L. Hogue Papers:
American Poultry Historical Society Papers

172. Flock of heavy breed birds - looks like buff or R.I. Reds.
173. Female - R.I. Red? or Buff.
174. White Plymouth Rock - hen.
175. Laying birds with sun yard in front of house.
176. Small range house with roost - note waterers and feeders.
177. 1 dozen wood shipping boxes for eggs - Star brand.
178. Early 1 dozen cardboard egg carton - insert filler.
179. Feeding pen for chicks on range.
180. Poultry houses with individual runs.
181. Columbia Wyandotte hen.
182. White Wyandotte hen.
183. White Wyandotte - group of birds.
184. White Wyandotte - large flock of birds - lake in background.
185. Buff Wyandotte - cockerel head, 1st pen, Madison Sq. Garden Show,
1916.
186. Buff Wyandotte - cockerel - 1st Madison Sq. Garden Show, 1916.
187. Wyandotte male - note sure of variety.
188. White Plymouth Rock females.
189. White Wyandotte hen.
190. Flat range feeders - put wire to cover feed.
191. Frame for laying house.
192. Finished laying house.
193. Finished laying house with birds.
